

Consideration of repeal of Information Bulletin #5 that addresses burials at Angel Mounds State Historic Site; Administrative Cause No. 11-151A

Information Bulletin #5 (“Burial of Human Remains at Angel Mounds State Historic Site”) is recommended for repeal. Angel Mounds State Historic Site is among the Historic Sites which has been managed by Museums and Historic Sites in the Department of Natural Resources. Public Law 167-2011 repealed IC 14-20-1 that established Museums and Historic Sites as a DNR entity. P.L. 167 established a new Indiana State Museum and Historic Sites Corporation (the “ISMHS Corporation”). The effective date of the repeal of Information Bulletin #5 is recommended for deferral until January 1, 2012 to allow the ISMHS Corporation to determine whether to adopt a nonrule policy document to address the burial of human remains at Angel Mounds State Historic Site.
